Coaching Programme Feedback for Adrian Finnegan

ACE Recall Study Performance Coaching

"I originally chose Adrian to coach my child because my son found it difficult to focus on studying for his GCSEs. I wanted a person that could interact and prepare him to enjoy fast, effective study skills and exam techniques.

Adrian has taught my son effective study strategies. This Programme is highly recommended if you want to explore new and different approaches to learning strategies. My son has benefited and responded well to skills coaching.

I would describe:

Coaching dates, session times and flexibility in booking:	Perfect
The quality of coaching / any study materials delivered:	Brilliant
How coaching has met particular needs of my child:	Motivational
How coaching brought about needed study improvements:	Different approach

Adrian always gave positive feedback at each session. Adrian is easy to talk to and always gave his undivided attention. Adrian's service is first class, I can't fault it. I am more than happy we chose Adrian and highly recommend ACE Recall Study Performance Coaching."
