

## **Reference for Adrian Finnegan**

### **ACE Recall Study Performance Coaching**

**Adrian coached our daughter, currently in Year 12, for ten weeks from February to April 2016. We chose Adrian because we wanted a different and successful approach to learning and retaining information. We were highly satisfied the coaching took place in a safe, supportive environment, has improved Ashleigh's study skills, and offered a service which also supported our needs as parents.**

**The best thing about Adrian's coaching is that he has taken the stress out of Ashleigh's A Levels. She now sees that the mountain is climbable. Delighted with the coaching I would highly recommend Adrian.**
