Reference for Adrian Finnegan

ACE Recall Study Performance Coaching

We chose Adrian because my daughter needed help preparing for her GCSEs. The quality of coaching, study materials, and flexibility booking coaching dates and times were all good, and we were happy with opportunities to discuss her progress at any time throughout the programme.

The needed study improvements came about because coaching enabled my daughter to focus on what she needed to. The best thing about Adrian' coaching is the ongoing support it provides, and the confidence it gives to the students that they can cope with the exams

Adrian's coaching has given focus and confidence to my daughter who, without the coaching would have been daunted going into her GCSEs. The weekly sessions over the past four months have really helped her to prepare and understand what she needs to do. I feel Adrian's coaching is a great alternative to standard tutoring as it provides all round support and guidance, and brings the confidence to cope with exams.
